EDUCATION

Bangladesh University of Business and Technology (BUBT) <i>B.Sc. in Computer Science and Engineering</i>	Dhaka, Bangladesh 2023 – 2027
Doweed Public School and College <i>Higher Secondary Certificate (HSC)</i>	Jessore, Bangladesh 2022
Jessore Shikkha Bord Gov. Model School and College <i>Secondary School Certificate (SSC)</i>	Jessore, Bangladesh 2020

SKILLS

Languages: C, C++, Python, Java, JavaScript, SQL, HTML, CSS, LaTeX

Frameworks & Tools: React.js, Tailwind CSS, Node.js, Spring Boot, MySQL, Git, Figma, CustomTkinter

Core Competencies: Backend Development, Competitive Programming, Data Structures & Algorithms

PROJECTS

Portfolio Website — GitHub

- Developed a responsive personal portfolio website showcasing projects, achievements, and skills. Live demo: [here](#)

Productivity Tracker — GitHub

- C/C++-based desktop productivity tool for tracking tasks, deadlines, and performance with efficient memory usage

ExchangeXP (Skill-Trading Platform) — GitHub

- Built a full-stack credit-based skill exchange platform including authentication, skill workflow, blogging, tier progression, and portfolio generation. Live demo: [here](#)

School Management System — GitHub

- Developed a Python-based management system using CustomTkinter and MySQL to manage attendance, student records, and course data

ChronoMate — GitHub

- Created a modern time-management desktop app using Python and MySQL with a polished CustomTkinter UI

JournalApp (Spring Boot Backend) — GitHub

- Implemented a secure backend with JWT authentication, role management, and modular RESTful APIs for journal entry operations

EXPERIENCE

Actively building full-stack and backend projects; seeking opportunities for internships and professional experience

AWARDS & ACHIEVEMENTS

Intra-University Programming Contests: Participated in 3 programming contests organized within my university, showcasing strong problem-solving and algorithmic thinking

Intra-University Hackathon: Participated in a university-organized hackathon, collaborating with a team to design and build an innovative project under time constraints
